STORIES FROM THE STATE

Advocates from across the country submit their patient stories about 24/7 care, Medicare, Medicaid and rural healthcare access in order to highlight the importance of access to care.

“ I’m 84 – health is a priority for me. I support Medicare and Medicaid! People like me do not have enough to survive. Medicare protects my health & access to medication at a lower cost.

Stella Hall

“ Without Medicare, I could not pay for medication and medical care. How are the American people going to live without having Medicare? My quality of life is declining with the need to continue working.
