STORIES FROM THE STATE

Advocates from across the country submit their patient stories about 24/7 care, Medicare, Medicaid and rural healthcare access in order to highlight the importance of access to care.

“ I work with Medicare recipients in the poorest state in America. We can not and will not accept cuts to Medicare. It affects my livelihood, my job and personal family members who rely on it.

Mallory Miller

“ The nurses at the Winchester Medical Center and all the staff are great people. They actually care about the patients.
